

MEETING OF UNDERTAKERS.

Third Annual Session of Western Funeral Directors' Association.

DENVER DELEGATION LATE.

Four Days' Meeting Opened This Forenoon—Morticians Have Mapped Out Lot of Work for Themselves.

The fact that the Philippine soldiers and the western undertakers selected the same city and the same time in which to hold their respective reunions may not have any significance in it. The charge that they had ever worked in collusion would undoubtedly be scorned. But the queer coincidence was especially conspicuous in the Knutsford hotel where the undertakers and the soldiers gathered to register and where the former are holding their meetings. Of course, the undertakers feel that their organization takes precedent over everything else.

The third annual convention of the Western Funeral Directors' association should have opened its first session this morning at 10 o'clock. But the Denver delegation was not here until after 11 o'clock before the session was called to order.

President T. F. Dunn, of Veto, Colorado, presided, but owing to the nearness of the noon hour, he suggested that a recess be taken until 1:30 p.m. The suggestion was promptly acted upon. There are now over 100 delegates in the city and they anticipate having the most pleasant and profitable meeting the association has yet held. It will undoubtedly be the best attended. The meeting will last four days and within that time every subject that pertains in any degree whatever to the science of embalming or otherwise caring for a deceased body will be taken up minutely. There will be demonstrations along with the lectures so that every subject will be invested with absorbing interest to the undertakers. A large room off the rotunda of the hotel on the ground floor has been fitted up tastefully for the meetings.

The undertakers did not come here to see the city only, but they came here to work, and if they carry out the program they have mapped out they will be a very busy body indeed.

One feature about the meeting and one which assures the morticians that they will not have gathered in vain, is the lectures that will be delivered by Prof. W. P. Hohenchuh of Iowa City, Iowa. He is one of the most accomplished lecturers on the anatomy and the science of embalming in the United States.

The program that was carried out this afternoon is as follows:

MID TEARS AND FLOWERS.

Funeral of Promising Young Man Held This Afternoon.

The funeral of Sidney Leslie Clawson, son of Sidney B. and Nellie Burns Clawson, was held this afternoon from 72 North State street. The services were in progress when this report was written. Such grief was manifested over the loss of the dead young man as is fortunately seldom witnessed in these days. Acquaintances of the deceased, except his friends, cried violently while the bereaved mother was well nigh overcome with the woe that was upon her.

The people came from every part of the city to attend this funeral and respect for the young man that is gone, and the house was able to accommodate only about half who gathered there. The music was sweet and the flowers were beautiful and numerous. The woe was covered with magnificent wreaths and there was not room enough about the bier to place all the various floral pieces. The piano, the mantel and the chandelier were brought into use, and when there were many flowers that had to be left outside. The music was furnished by a quartet composed of George D. Pyper, Will Patrick, John D. Owen and Thomas Ashworth. Counselor Barton of the Eighteenth ward conducted the services, which were opened with the song, "The Christian's Good Night."

The prayer was offered by Elder James Saville, and the quartet sang "Night of Rest." Both of the selections were beautiful and so affecting they brought many to tears.

Words of comfort for the bereaved ones, and of eulogy for the departed one were spoken by Bishop E. P. Whittemore, assisted by Hamilton G. Park and Henry P. Richards. The services over the remains were held to rest in the city cemetery. The deceased was born in this city January 13th, 1883, and died August 11th, 1901. For several months his health had been poor but it was thought he was on the way to recovery until a few nights ago when a turn for the worse came causing his death on Sunday last.

A MENACE TO HEALTH.

Residents of the Southwestern Part of the City Endangered.

Residents of the southwestern part of the city, particularly those in the immediate vicinity of Fifth West between Sixth and Eighth South streets, are circulating a petition among the people of their neighborhood asking for the abatement of a nuisance that is endangering the health and lives of all who are living in that area. It is reported that this neighborhood has been made a regular dumping ground for refuse of all kinds. The stuff frequently gets on fire and on such occasions the dense and odoriferous smoke hangs almost unendurable. What the people want and need in order that they might be spared an epidemic of disease in their midst is a prompt and absolute abatement of the nuisance which has grown into such proportions as to be a source of no little alarm.

VETERAN ARTILLERYMEN.

The Veteran Artillerymen and other members of the Nauvoo Legion, all of whom are urgently invited to join in the parade in honor of the Army of the Philippines, will meet in the armory, basement of Bishop Preston's office, at 8 o'clock this evening, to complete necessary arrangements. It is also desired that they assemble at the armory tomorrow morning promptly at 8 o'clock, and thereby be on time to have proper places assigned them. Each man is requested to wear badges, and carry a walking-stick.

GREAT RACES AT SHEEPSHEAD BAY

Chances for Whitney's Colt Nasturtium Winning Futurity Stakes.

MADDERN'S YANKEE ENTERED

Race Track Gossip Has It That Each Stable Is Preparing a "Dark One."

New York, Aug. 13.—With the race for the futurity stakes at Sheepshead Bay now less than three weeks off, the outlook for the event has changed little, except that horsemen, who, at Brighton Beach, were inclined to concede the race to William C. Whitney's \$50,000 colt, now are beginning to believe that if Mr. Whitney cannot win with Nasturtium, he can win with Goldsmith, says the Times.

A number of much talked-of futurity colts have appeared at Saratoga in the week of racing there, but aside from John E. Madden's Yankee, twice a winner at Saratoga, none seems to have more than a remote chance to beat Nasturtium, and even Yankee's chance is not very high thought of. Goldsmith's victory over Blue Girl in the Saratoga special directs attention to that colt, and as he has been improving steadily since early spring, Goldsmith now is regarded as a strong second for the Whitney stable. Even then the Whitney strength will not be all in the field, for in the big string of 2-year-olds under Trainer J. W. Rogers' care is yet a third good colt in King Hanover, a well tried horse that caused much talk in the spring.

John E. Madden seems to hold the best strongest hand, with the great filly Blue Girl, and the, at present, unbeaten Yankee, though a third colt, Heno, whose name was frequently mentioned in connection with the futurity, is also a possibility. Madden has also Flywheel, Gunfire, City Bank and Blackstone, all eligible for the futurity, but from the plan of campaign adopted at Saratoga, Madden seems to depend chiefly on Blue Girl and Yankee.

J. B. Haggin and the Pepper stable both are numerously represented in the race, and race track gossip has it that each stable is preparing a "dark one," though none of the 2-year-olds from either establishment have raced in a style to suggest futurity possibilities.

The other colts that have raced in the East, and that have showed well enough to be considered as probable starters and possible winners, are S. S. Brown's Hyphen, August Belmont's Master Man, G. Walbaum's Resek, William Lakeland's Enrich, G. B. Morris' Golden Cottage and Gunard, R. Schrieber's Dewey, G. E. Smith's Chilton, S. J. Smith's Northern Star, A. Featherstone's Hattoso and Jacob Worth's Harry.

None of the colts raised by Clarence H. Mackay in the spring seems good enough to justify paying a starting fee for the futurity, and the Mackay stable's only hope seems to be in Heno, the colt bought from J. E. Madden for a big price. There has been slight mention of western horses so far for the coming futurity, and on the form that the western colts have showed, it seems small chance of any of them being dangerous.

LOCAL EVENTS.

SINGLE MOTOR HERE.

Maxwell Issues Challenge to Turville Brothers for Ten Mile Race.

Readers of the "News" will remember it was announced in these columns some time ago that George A. Maxwell, of Denver, was anxious to come here with his single motorcycle and race against the fastest and most powerful machine on the saucer. Manager Rishel wrote and told him what the outlook was, and he is here. His machine is a four-horse power affair, and Maxwell claims to be able to go a mile in 1.30 by merely opening the throttle and letting her go. He has tried the local track on several occasions, but it is not unlikely that some arrangement will be made tonight for a race in the near future.

BALL GAME TOMORROW.

White Wings and Lagoons to Battle for Second Place.

The big fight for second place in the Intermountain league championship will take place tomorrow afternoon at the league park beginning at 3:30.

The contesting teams, Salt Lake and Lagoons, are in first class shape, and both have practiced hard for the battle. The winning team will take the lead behind the lobs. Newmeyer will perform on the slab for the Bambergers. It is not known yet who will be the pitcher for the Lagoons, but it is not unlikely that Meredith will do the work.

THIS WEEK'S RACES.

Contest Between John Chapman and Clem Turville—Motor Events.

Manager Rishel, of the saucer, promises some interesting events for spectators of the track this week. Motorcycle races will be the feature. Will King's new machine has arrived and with Maxwell's single "devil" and the other motors there ought to be some board scorching contests.

The main event tomorrow evening will be a ten-mile motor-paced race between John M. Chapman and Clem Turville. There will also be a one-mile handicap race for \$25, \$15, \$10 and \$5. A two-mile amateur lap race for \$15, \$10, \$5 and \$2.50.

AT THE RESORTS.

Twenty-one carloads of excursionists went out to Lagoon on this morning's train and all trains during the day have been similarly crowded. The occasion is the annual convention of the people of the Inhabitants had taken advantage of the opportunity to spend an enjoyable day. At the resort a program of music, recreation and sports was carried out and everybody seemed to be out of fun and in a mood to help everybody else get that way.

The Fifth, Fifteenth and Twenty-fourth wards are out at Salt Lake today. This afternoon there was a good representation from each of the above named districts present, with indications that before the day closed there would be a big crowd at the beach.

TOMORROW THE G. A. R. and the Philippine war veterans will invade Salt Lake to the strains of martial music. An entertaining program has been arranged and the day promises to be a big one.

The Women's Relief society of Salt Lake held a very successful outing at Saltair yesterday which was participated in by representatives from all the wards. President Angus M. Cannon ably filled the post of master of ceremonies and was in evidence among the knots of pleasure seekers on both floors. The major portion of the ladies and their friends stayed until evening when the picnic baskets proved to be veritable cornucopias of good things. In the afternoon there was a very enjoyable program given on the upper floor. After the invocation by President Joseph E. Taylor there were several pleasing selections given by the Temple choir and Christensen's orchestra. A cornet solo by L. E. Christensen and a recitation entitled "The Minuet," by Miss Hazel Cannon, were also not the least of the numbers on the program. The children of Farmers' ward evoked a hearty round of applause by their artistic execution of hoop drill. The drill by girls representing the nations of America, England, Spain and France was also among the notable features.

There were close upon 500 Eleventh warders at Lagoon yesterday when the Sunday school took its annual outing. The day passed off very pleasantly and the features of the outing was the program of sports and in the contests the following were the winners: Children's race under 6, Sylvia Price, girls 8 to 10, Jennie Searles; boys same age, the brothers, Miles, Knight and Frank McMaster; three-legged race, Bert White and Rob Cameron; hobbies, Geo. Morris; girls 12 to 15, Annie Crew; boys same age, David Hood; obstacle race, George Kirk; ladies' golf and teachers, Louise Morris; baby contest, Helen Wickens and Miss Hamer; children's cake-walk, Rhea Peck and Irene Fickett; most popular man, A. W. Brown; most popular lady, Annie Peterson.
